Forecast for Thursday 14 Nov 2024

Weather: A dull and grey start to the day with overcast low cloud and hill fog. Some cloud breaks developing from the north during the afternoon. A marked inversion around 800m may see some of the height peaks reaching above the cloud tops.

Chance of cloud-free hill tops above 600m: 20% rising to 60%.

Low cloud and visibility: Overcast cloud bases 300-500m to start with some cloud breaks developing into the afternoon. Peaks above 800m likely clear of cloud above the inversion. Poor visibility in cloud, becoming moderate to good in the afternoon. Very good above cloud tops.
